REBELS OBJECT TO FOREIGN AID

Ask Assembly to Memorialize Throne Protesting Against Interference.

MORE FEDERALS JOIN REBELS

Minister of Communications Has Fled for Life From Peking.

San Francisco, Oct. 27.—Among the cables received here today it is stated that Li Yuan Heng, the rebel commander-in-chief and Tong Fong Lung, leading rebel, have appealed to the members of Chinese provincial assembly asking that the assembly rule the country, reorganize the throne against calling foreign help to settle Chinese affairs.

Another cable from Foo Chow states that the Federal troops there had joined the revolutionary army, putting the provincial ruler under arrest by the Manchu to death and setting fire to a government shipyard.

On the same day the tank steamer Niagara which arrived today from the Orient, Chinese steamways were found to be closed. It is believed that the Italian fleet was inclined to believe one was a Manchu official fleeing for his life and had other ships to assist him in his flight for deportation until they prove their right to land.

Peking, Oct. 27.—The minister of communications, Hsuan Hsun, has fled to Foo Chow by means of ten soldiers to The Duke Edward T. Williams, the American charge of affairs, denie that the Italian fleet entered the port of Foo Chow from which two foreign ministers returned immediately to Peking.

The Associated Press has been able to piece together the following information: The rebels' information came from the Chinese Foreign Minister, Li Yuan Heng, and British ministers, accompanied by the American chargé d'affaires drove to the residence of Prince Ching, the minister of war, and obtained a possible decree in line with the wishes of the assembly.

Li Yuan Heng, the rebel leader, and British ministers, accompanied by the American chargé d'affaires drove to the residence of Prince Ching, the minister of war, and obtained a possible decree in line with the wishes of the assembly.

Some persons say Sheng, departed yesterday for Foo Chow, but he left by train to Yenan on the last afternoon, seems more probable.

At Tsin Tsin and Nanking, the rebels continued to give Sheng the protection of the former city. Reports say that the governments concerned in the war and currency difficulties set in at Nanking, their predecessors for his safety as they or their adherents had pressed him to consider that he should remain in the city to take the strong stand which resulted in the present upheaval.

What the rebels have been brewing, previously to the conclusion of their conspiracy, is considered to be that foreign loan policy finally precipitated it.

BY ELECTIONS IN P.E.I.

Parties Now Secure Seats Each in Local House and Two Seats Are Opened.

Charlottetown, Oct. 27.—Provincial elections will take place in Prince Edward Island on Saturday, Oct. 28, in two districts, Belvoir and Port Hastings. At the present time the parties in the legislature stand four-to-four.

The two vacancies have been created by the resignation of Mr. Palmer's seat, his son has been vacant, he having accepted the attorney generalship after the former party leader, Mr. McPhail, was appointed to the supreme court.

Premier Palmer will run in Belvoir and Mr. McPhail, who has been a member of the Liberal party, and in Belvoir the candidates are Frank Nash, Liberal, and Mr. McPhail, Conservative.

Correspondents who have returned to London on account of the severity of the censorship express the opinion that the censorship will be severe, although the election is now more secure.

Delegates selected in London to represent the Conservative party in the federal election will be Mr. John Constance, Mr. John G. Dillinger, and Mr. J. W. Dillinger.

Both of the above are well known in the political world, Dillinger being a member of the Canadian cabinet.

The two candidates are Mr. John Constance, who has been a member of the Canadian cabinet.

General Canova had scores of Arabs shot yesterday, their numbers exceeding 1,000, and a crowd gathered around the dead.

The Arab force, which is now more secure.

Delegates selected in London to represent the Conservative party in the federal election will be Mr. John Constance, Mr. John G. Dillinger, and Mr. J. W. Dillinger.

The close proximity of some barrels of oil to a group of men caused a slight explosion on Jasper avenue, but the alarm was turned in yesterday afternoon about 4 p.m. and the fire department responded and easily extinguished the blaze by the use of the chemical.

ITALIANS MEET WITH REVERSES

**Turks With Arab Allies
Make Series of Concerted
Attacks.**

VICTORY FOR ALLIES HAS BEEN REPORTED

**Italians Will Suffer Greatly
If There Is Long Cam-
paign.**

London, Oct. 27.—From European newspaper despatches from Tripoli, Italy, are reported to have come, which in view of the command of Malta, in which the English are commanding, several despatches reaching Rome, it is apparent that Italy's campaign in Tripoli already has cost more lives than the government anticipated, while the medical corps greatly will suffer the consequences.

The Turks with their Arab allies have upset the calculations of Italians by a series of concerted attacks on the part of the Allies.

According to the reports, the Italian government had decided to send forward 15,000 reinforcements.

Since then, telegrams from various points indicate that the Allies are in full retreat, concluding it is true, tell of a series of attacks.

Wounded in Action.

One despatch which reached us was handled roughly by the censor, says wounded in action in consequence of the actual fighting in Tripoli, but the Italian riflemen and artillery men say about 100 Italians were killed and 700 wounded. This is confirmed in another despatch from Rome that the government had decided to send forward 15,000 reinforcements.

STRATHCONA NEWS

CLOSING SESSIONS OF TEACHERS' CONVENTION

Number of Interesting Discussions Friday at the Meeting in Strathcona—Officers are Chosen for the Year—E. Carr is President.

What proved to be the most interesting sessions of the Teachers' Convention were held yesterday in the room of the Royal Canadian Legion. The first item on the program was a very interesting talk on the subject of "Garden Gardens," given by Mr. F. D. McLean, of the Royal Canadian Legion. One of the advantages as well as the drawbacks in having school gardens, Mr. McLean said, was that the drawbacks would be the summer hollidays while the varying climate of this country is also another one. The gardens should be tended by the pupils living in the vicinity, but this work is outside of the teacher's sphere. It is difficult to get the pupils to care to use their time in so doing. The pupils at the present day are not interested in the schools, but there are many ways of securing this knowledge, one of which is the reading of the farm magazines and news which contain one or more articles on agriculture.

Mr. McLean said that he thought the teachers' interest in agriculture would be a very practical method, because it would arouse the interest of the pupils in this work and make of the young men more useful to the farms to secure work in the city would remain to do and make very much better. It would be much better for the teacher if the pupils' interest was aroused, because they would be more willing to study more closely and thus relieve the teacher of a large responsibility. People do

not care for anything that does not interest them, and so make school a pleasure to them, and in some cases a drudgery. Mr. McLean closed his address by telling the teachers to teach agriculture in the schools.

The discussion of the subject by Dr. A. Fife, Inspector of Edmonton schools, was very interesting. He said that this work did not originate in this country, but in some of the European countries, where school gardening was carried on, the products and wealth of the country was doubled. Mr. Fife said that one of the greatest difficulties in making this work successful was to find that it would be advisable to teach chemistry in the rural schools.

The next item on the program was the reading of a paper by Dr. D. J. Dunn, medical inspector for Edmonton, on "History and Needs of a Medical Inspection of the Schools." "Medical inspection of the schools," Dr. Dunn said, "was inaugurated in 1908, and since that time most of the other countries now have medical inspectors in their schools who make regular visits, while in Canada we are just beginning." This was the solving of the question, "How to enlist the sympathy of the school board?" In this connection, Dr. Dunn said that this difficulty, he was told, was shown the school board that it was a saving from an economical point of view.

Inspector McNally of Wetaskiwin gave a short talk. Mr. Dufra worked on a garden and his school's horticultural program.

Beautifying Schools. Miss Ferguson of Winterburn said that she had been asked to "Paint by numbers" of schoolrooms, in which she said that how it should be done and that it was a good idea. This was a symposium. "Do we earn our salaries?" by Miss K. Chegwin, of Edmonton. This part of the program was particularly interesting in the count of the manner in which Miss Chegwin handled her subject. Dr. Lehman's children over whom examined were reported to their parents as being throughout which made it very enjoyable.

Motion Session. This session began a few minutes earlier than usual, because those that who cared to do so, could accept Dr. Torry's invitation to tea.

The subject of Dr. Lehman's au-

thority was "Chemistry in relation to agriculture in rural schools." Dr. Lehman is a professor of chemistry at the University of Alberta and was therefore able to give a very informative talk on this subject. "Chemistry," Dr. Lehman said, "is a subject which teaches us the composition of things."

Continuing, he said that chemistry was important in the study of agriculture, giving as an example what chemistry had done for the sugar beet. Many years ago the study of agriculture did not interest people. If chemistry was taught in the schools, it might be taught and then they would be kept on the farm instead of going to the city. Therefore a person can read a book or an amateur chemist, they should know a certain amount of chemistry. Therefore, Dr. Lehman closed his address by telling the teachers to teach agriculture in the schools.

The last item on the program was a discussion of the royal diamond. Dr. Lehman closed his address by telling the teachers to teach agriculture in the schools.

SOUTHERN ALBERTA COAL STRIKE IS NOW AT AN END

BOTH OPERATORS AND MINERS TIRED OF THE LONG STRUGGLE ARE BROUGHT TOGETHER BY HON. ROBERT ROGERS, AND A THREE-YEAR AGREEMENT SIGNED UP—SETTLEMENT IS SATISFACTORY TO BOTH.

Medicine Hat, Oct. 26.—The strike of the coal miners of Eastern British Columbia, which has been in progress for nearly five months, is at an end, and in the twenty-five mines in the district will be in operation again, with 1,000 men.

The end of the strike was brought about through the efforts of Hon. Robert Rogers, Minister of Interior, who came to Lethbridge yesterday to meet both parties to the dispute and discuss the matter. If something could not be done towards effecting a settlement, during the course of his visit, he considered that an agreement, satisfactory to both sides, was possible.

He said that a meeting was

to be held at 10 o'clock this morning, and at two o'clock in the afternoon, after which he would return to Lethbridge upwards of a dozen meetings with each side were announced that term, and it was agreed that all had been drawn up and signed.

There was general rejoicing in the city, and at 10 o'clock yesterday and before Mr. Rogers left for Winnipeg at three o'clock, he brought together the miners' leaders, headed by W. B. Powell, president of District No. 8 of the United Miners' Welfare Fund, and the representatives of operators, headed by Leo Stock, president of the Alberta Coal Operators' Association.

The magnitude of the strike may be imagined when it is stated that when it started there were 1,000 mines have been shut down and 7,500 men have been out of employment.

John McDonald Home FROM THE OLD COUNTRY

Member of Firm of D. R. Fraser & Co. Was in the Thick of Great Labor Struggle Which Paralyzed Mining in British Columbia

Summer. —

John McDonald, son of D. R. Fraser & Co., Limited, together with Mrs. McDonald and daughter, recently returned from a long vacation trip to the old country. Mr. McDonald sailed from New York by the Olympia on Aug. 14th, and reached England on Sept. 1st. Since then he has spent the greater part of the time in London, visiting the scenes of his father's early life in the city of Cardiff, Wales. On the return trip, Mr. and Mrs. McDonald stopped over in Canada, and after living in Montreal on Sept. 10th, last, after a decidedly pleasant trip across the ocean, he has returned home.

Mr. McDonald makes some interesting observations in connection with affairs in the old country. His history has this country to be the most progressive in the world as at the present time. The extension from Great Britain to Canada is increasing rapidly, and will doubtless continue to do so.

Mr. McDonald declares that a very pronounced feeling is felt among the people here that Great Britain is asking the Government because of the action of Winston Churchill to call out troops to quell the riots, and further states that David Lloyd George, chancellor of the exchequer, has been received in the country, is in many respects roundly condemned for the taxes he has imposed on the middle class, and other acts of a similar nature.

He says the whole country is suffering from the effects of the war, and in South Wales, Mr. McDonald also saw the strike of the railwaymen, which was held up at the town of Barry.

This summer has been the most remarkable summer in the history experienced in many years. The weather has been intensely hot. This has had a decided influence on the wheat crop in several ways.

The wheat and other grain crops have had a good start, but on the other hand the root crops have had an almost complete failure. In consequence of the bad roads for feed, many farmers have been compelled to dispose of their stocks of cattle, and have been unable to keep them over the winter on account of the prohibitive prices which are now ruling. Hay at the present time is selling between \$25 and \$30 a ton.

Mr. McDonald, in the north of Scotland while away:

A Modern Building and Plant

AROUND THE CITY

LOCALS

The Ladies' Aid of British Church, Red Deer, held an entertainment in their church on Thanksgiving night, Monday, October 26. A good program featuring some of the soloists of Alberta College, and members of the choir. Refreshments will be served.

Edmonton's popular "barbers shop," 215 Jasper East, formerly owned by W. Coffey, now under new management has been thoroughly remodeled, new chairs, fixtures, accessories, etc. Will be open Monday, Thanksgiving Day from 8 a.m. until noon only.

TO STAND BOX FOR MURDER. — George Chapman, 215 1/2 10th Street, charged with the trial on the charge of murder, by A. W. Arnett, J.P., of Entwistle, at the preliminary hearing held on June 23, 1911. The trial was postponed on the night of Friday, Oct. 20, at 6 p.m. Tolerton was released to the Court for trial. He is tall and would hardly come up for trial at the next session of the Superior Court.

WILL SPEAK ON SUNDAY.

George Chapman, 215 1/2 10th Street, Orillia, Ontario, is in the city looking after some heavy investments he has here. He is enthusiastic over the progress and development of Edmonton, and has selected it out of all the cities of the West as the one he prefers to live in. He is a public speaker of more than ordinary ability, and has consented to speak in two or three different churches, will talk on the working of the local option law in his own town. His address will be delivered at 10 a.m. on Sunday morning, opportunity to observe its strength and weaknesses. His address will no doubt be well received. He will speak at McTongail Methodist church at 11 a.m., and at the First Presbyterian church in the evening.

COULD HE NOT STAY HERE?

John C. Webster has written the secretary of the Edmonton board of trade, wanting to know whether a company could not be formed in Alberta as a farm hand. In Ontario he receives 75 cents a day and his board. He is 21 years old and weighs 175 lbs. He said that if he had worked for a farm all the days of his life, modestly says claim to being a good horseman, can ride a horse, can shoot, can work, and family in England and would like to come with us as soon as possible taking a horse which he could ride to us, and then bring his family along. The secretary of the board of trade would like to hear now from our farmers, especially the farming district seeking a sturdy assistant.

REGIMENTAL ORDERS.

Following are the regimental orders of the Edmonton Fusiliers for Monday:

The regiment will parade as strong as possible on Monday, October 27, 1911, at 9 o'clock in the morning, and will march to the University in the regular exercise on Thanksgiving Day. Rations will be carried in haversacks.

Dress drill order, bayonets will not be worn.

Admission will be issued at the rate of 20 cents per rifle.

Company officers are required to certify in writing that they have examined their men and found them fit and that there are no full cartridges therein.

Company officers will arrange to have all unexpended ammunition collected as soon as the "cease fire" has sounded.

EDGAR A. BROWN, Lieut. Adjutant, 191st Regt.

SCANDINAVIAN FESTIVAL.

A Scandinavian festival will be held today in the Exchange Mart, corner McDowell and 10th Street, in honor of the anniversary of the Ladies' Aid meeting. Dinner will be served at 12.30 p.m. while supper will be served from 5 until 8 p.m. The program will be given by good speakers in both the Scandinavian and English languages. There will be a short service followed by a Thanksgiving address in the Scandinavian language, while Rev. H. U. Ross, who has spent the past fifteen years in the Scandinavian mission fields, will speak immediately afterwards. The next thing will be an amateur singing competition put on by the Ladies' Aid Society during the afternoon.

On Sunday morning at 10.30 a.m. Rev. Carsten will preach in Dreamland Theatre, while Rev. Ronning will speak in the evening at 7.30 p.m. All interested are invited to come to attend.

Our business will take a long step in advance by the completion this month of the best equipped Window and Door Factory yet erected in Western Canada.

Our aim has been to secure the best both in buildings and modern machinery so that we could give our many costumers satisfactory results.

The Fall and early Winter season will suggest to many business men the need of new fittings for store or office.

Our Cabinet Department is being equipped with the latest devices so that we can produce this class of work more quickly, and so more economically than before. When you require estimates we would be pleased to take the matter up with you.

IN THE POLICE COURT.

A man was brought into the police court yesterday afternoon but all were adjourned until today. Evidence was adduced by Mr. Frank McGehee,检控官, of using threatening language against Donald McPhail, a defendant aware that he was forced to eject the defendant from the bar where he was drinking when he knocked him down. On the second ejection, McGehee is alleged to have said, "I'll have you off my place." "I have a gun and I'll shoot you." One of the witnesses said that when he saw McGehee across the street and saw him carrying a gun in a store, McGehee was charged with having a gun in his possession. The defendant strenuously denied the charge and maintained that he had no gun. The magistrate was forced to order him to leave the courtroom. The case was adjourned to today when the complainant will bring the vendor of the gun as a witness. Alain Pitmeau charged with forcing the plaintiff to leave his bar bright up in the afternoon, was also remanded for further examination.

Lester D. Berry and Robert Edgar, charged with having robbed Alex Webster, 10th Street, on Wednesday night, appeared for their preliminary hearing. Webster was not present. They were remanded until this morning.

RECORD PRICES FOR COWS.

A sale of milk cows took place this week which established a record for this year for the prices obtained. Forty-five cows were sold at \$125 each, owned by the Eastwood Dairy, H. W. Wadsworth, proprietor, who sold the cattle to the highest bidder. At the well-known auctioneer, the prices secured ranging from \$75 to \$24 per head. The best cow sold for \$125 and the herd sold for \$450 a head.

"It was the most remarkable sale ever made in this country," said Mr. Webster. "At the very outset the buyers opened the bidding at \$125. The prices of the cattle offered were started at less than \$100, which ordinarily would be about the limit. They would be fine disposed of."

There are several records in the history of the sale of cows in this district. The first is that the raising of cows has not been sufficiently restricted to allow the market to take every available animal offered for sale in the district, for some time past, and that the market is the country. Furthermore the prospect of a milk ramification has induced some persons to buy up cattle for to add to their herds in order to get a share of the profitable business which is now in evidence.

"The sale amounted to over \$4,400 in all, and was one of the quickest I have ever seen," said Mr. Webster.

He believes that it is believed that the price of cows in this district will go up. From his knowledge of the situation he cannot figure it other than that it will take a long time for the farmer of the country to rectify.

SCOTTISH HOTEL CONVENTION.

The third annual convention of the Sunday Schools and Young People's Societies of the Methodist church will be held in the McTongail church, Edmonton, Nov. 6th and 8th, 1911. Delegates will be here from all parts of the country. A special convention is assured. A good program has been prepared and the McTongail church will be the unit in Alberta. Methodists will take part. Rev. A. D. Richard, B.A., of the organization and Rev. Tom Powell of Edmonton is secretary. The following is the program:

This is not Sir William's first visit

to Edmonton. This morning (or part of the 26th) after a short stay on board his special car "Bonaventure", Sir William is one of the British directors of the Canadian Pacific Railway. He is greatly interested in his company's work in Western Canada. He has just visited Vancouver and the head of the steel at Prince Rupert. He is also interested in the work of the CPR in the Yukon. He was the awarder of the Fine medal for the active work done by the CPR in the Yukon.

His presentation was made at New York. This is not Sir William's first visit

to Edmonton, he having been here two years ago, when the British Association for the Advancement of Science toured Canada after meeting in Winnipeg. In an interview with the Star, Dr. Ernest Rutherford, the eminent British scientist, marvelled at the great changes which had taken place in the city since his visit two years ago.

"The business section of the city has changed greatly," he said. "Owing to its strategic position, I have a great future for it. I have a great opinion that Edmonton will prove a great boon to both cities and that we need not visit to Canada to find the leading city of Alberta."

Not the least of Sir William's many accomplishments is his record of international work. "On my last visit" he said, "the new university was just being built. The cost of the building is greater than the cost of the land. I am greatly interested this time to find out how it was progressing." "An interesting feature ahead of it is its beautiful situation and a great future ahead of it. I expect to spend a great deal of time with my old friend, Dr. Tory and was loath to leave your city so soon."

LOCAL COUNCIL OF WOMEN APPROVE THE MOVEMENT

TO ESTABLISH TUBERCULOSIS AND PERTUSSIS VACCINE—WILL SEEK TO HAVE HOMELESS CHILDREN PRIVILEGES EXTENDED TO WOMEN—WOMEN CANADIAN CLUB TO BE ORGANIZED.

On Thursday afternoon a meeting of the Local Council of Women was held in the YMCA Hall, Dr. Whitton presiding. The officers occupied the chairs. Dr. Whitton delivered a very able and interesting speech on women's influence in the affairs of municipalities. A vote of thanks was tendered Dr. Whitton by Mrs. Armstrong, and accepted by Mrs. Murphy.

After some discussion it was decided to form a local council and seek the advice of Barnes that petitions be sent to the Dominion and provincial governments for the extension of the privileges of municipalities to women, constituting a sanitation for tuberculosis patients.

It was decided that it should be left to the president and council to appoint a committee to meet the next day to consider the proposed conventioning of the matter.

The following was read by Mrs. Hinsdale, president of the local members of the Local Council of Women of Edmonton and Strathcona, expressing their desire to have the petition signed and stamp on the intersecting planks and pledge ourselves to exert whatever influence we have towards the same in our vicinity. A copy of the resolution was sent to the Council by Mr. Armstrong, chairman of the Committee. This resolution was unanimously adopted.

Mr. Murphy read a petition framed by the National Council and sent to all National Councils for signature. It is addressed to His Excellency the Governor General of Canada. The following is the petition:

"That as soon as possible a bill may be introduced in the Senate and passed by the Parliament of Canada, providing that all women of the age of twenty-one years and upwards in Canada for one year, and if residing with their father or mother or near relatives, for two years, and if under the age of twenty-one, or, if otherwise, if the age of twenty-one, shall be granted the right to vote at the general election, and that such bill be introduced as soon as possible after the affiliated societies sign this petition."

Mr. Murphy moved that a motion be carried to instruct the national council to establish a Woman's Canadian Club and that the following committee be appointed to consider the formation of the organization:

Mrs. E. L. Hall (Strathcona), Mrs. Stephen Dawson, Mrs. Armstrong, Mrs. E. T. Blane, Mrs. Williamson Taylor, Mrs. Dawson, Mrs. Emery, Mrs. G. W. Green, Mrs. Grinnell, Mrs. Gauchon and Mrs. Dide (Strathcona). The motion carried and Mrs. Murphy was unanimously appointed committee chairwoman.

Mrs. Murphy introduced a motion respecting rights of married women.

Mayor Armstrong Announces Himself As a Candidate for Re-Election.

Following the announcement yesterday of Major Saunders' candidacy for the mayoralty of Greater Edmonton the election to be held immediately after the union of the two cities is approved by the legislature, he has now withdrawn his name from consideration. The new cabinet at Ottawa will be represented by Hon. Geo. E. Price, Minister of Agriculture; Mr. D. T. McLean, Minister of Finance; Mr. Barker, president of Toronto University; Richd. Rev. Frederick Courtney, Bishop of St. Paul; Mr. D. B. MacLennan, a lawyer and next to Laurier perhaps one of the greatest orators of the province of Quebec.

There will be a general election in the middle while the election opens toward the end of the year. Mr. H. Barker announced himself as a candidate, that a strong committee had been secured to advocate Mayor Armstrong's re-election. He stated that the committee was similar to that which was instrumental in bringing out Mayor Armstrong last year, when he was not opposed, being elected by acclamation.

MINISTER ELECTED BY ALBERTANS

Winnipeg, Man., Oct. 27.—Hon. J. R. Bond, Minister of Health, today assumed his duties as member for Winnipeg. Toronto, Oct. 27.—Hon. Geo. E. Price was returned to the North Toronto riding, Oct. 27.—Hon. W. M. Briscoe was returned to the North York riding.

Montreal, Oct. 27.—Hon. Dr. Arthur Murphy, returned to the House of Commons as a member for the riding of Beauport.

In the land of their habitation: The atmosphere of the hall reflected the laws of health, purity and refinement, to the benefit of public health, of women and children, which would enable a man's wife to live a career to the extent of her ability and talents.

Mr. Murphy expressed the opinion that the movement was a good one.

This law amendment is in a

position to assist possible losses.

Mr. Arthur Murphy introduced a bill on the floor of the house of commons, who are using the streets as a playground at the risk of their stricken health.

He believes the conditions to be found on the streets do not always tend to the health of the children.

He also introduced a bill on the

playground in connection with the schools, the playgrounds are used for a considerable time.

Large sums have been invested in

these grounds by the ratepayers.

The committee be appointed by the Edmonton Local Council of Women and Strathcona School Boards, the city commissioners and the police force.

It was decided to give the

playground to the municipality.

This step was thought to be a

wise move to have the

playground in the hands of the

municipality.

The delegates were

agreed in the opinion that the

playground should be given to the

city commissioners.

This step was taken because

the city commissioners

were the ones who

were most interested in the

playground.

This matter will be brought up

at the next executive meeting and

the matter will be discussed at the annual meeting of the council in Japan.

Canadian Navy Deserves.

Montreal, Oct. 27.—A bill to

increase the strength of the

Canadian Navy.

M. C. S. Hoffman. The men were

members of the party transferred

to the Canadian navy in their

present command.

Edmonton in charge of a business

which they, themselves, did not

know.

Another master discussed was the

revision of the census.

It was decided by the convention to

memorialize the Dominion government

to make the census as complete as

possible a new census.

Saskatoon's Population Over 10,000.

Saskatoon, Sask., Oct. 26.—With the

addition to the census made in

the past few days the total population

for Saskatoon exceeds the nine

million mark.

Before an official statement can

be made it is necessary to

check the figures.

It is the intention to carefully check

the lists so that there may be no repeat

entries on the part of the

board of trade, states that the

whole census will be made open to

inspection or criticism that may

be offered.

Canadian Cup Banquet.

New York, Oct. 27.—The annual

banquet of the Canadian Club of New

York will be held at the Hotel Astor

on Saturday evening.

The new cabinet at Ottawa will be repre-

sented by Hon. Geo. E. Price, Minister

of Agriculture; Mr. D. T. McLean,

Minister of Finance; Mr. Barker,

President of the Canadian Club;

Mr. D. B. MacLennan, a lawyer

and next to Laurier perhaps

one of the greatest orators of the

province of Quebec.

THE OUTLOOK IS BLACK FOR ITALY AT TRIPOLI

Three Regiments of Italian Troops Were Annihilated by Turks and Arabs, Who Drew Them into a Trap by a Feigned Retreat.

North, Oct. 27.—Italy is not getting much recognition in the newspapers of her allies, whose correspondents in North Africa point out that the situation is entirely black. An instant ago, Italy is the most powerful nation in Tripoli despatch, sent by way of Tunis, which says that the Italian forces have been annihilated. The question is, where, and what of the question, that cholera is raging among the troops, provissions are scarce, and where the Italian forces are now owing to the sand, while the Turks have carried off most of the camels and the important supplies. The Italian forces were those used in the desert. It is said that 30,000 regular Arab cavalry have assembled in this instance.

Italian Report of Battle.

Tripoli, Oct. 27.—A report from Italy states that the Italian forces of yesterday, the Turks lost more than 1,000 killed and a large number wounded, and the Italian losses 100 dead and wounded.

400 Italians Killed.

London, Oct. 26.—400 Italian were killed or wounded in fighting around Tripoli on Monday, according to a despatch received here today from Italy. The Italian forces, under Italian censorship. The situation at Tripoli, the despatch adds, is serious. English reports say that the massacre, as a holy war has been proclaimed by the natives.

Italy in Trap.

Malta, Oct. 26.—The Italian forces at Tripoli on Monday, according to a despatch received here today from Italy, were annihilated. The Italian forces, under Italian censorship, were annihilated. The result was that the Italian forces, carrying many wounded, said to be 100, caused excitement among the natives. The Italian forces were soon quelled and hundreds of Musulmen were shot.

LAID FOR FIVE HOURS WITH LEGS CUT OFF

Thomas Halpin, Member of C.P.R. Track-Laying Gang Needs Wrist-Sack. Falls From Train Which Ploughed Through His Operation.

Wikie, Stark, Oct. 27.—Steel laying commenced this morning on the Cut Knife Hill running from Wikie northward to Akbar. The job will be completed immediately. Three miles of track was laid today. The contractors who had the line laid have finished their contracts have been moved to the line running southward.

On Wednesday, at 2 p.m., Thomas Halpin, a member of the C.P.R. track-laying gang, was working in the cut near Salvador, the wheels passing over both his legs. The left foot was crushed, and when he saw the right leg was crushed. He was passing from one end to another and was unable to get his composure. Five hours after the accident he was found lying beside the track. He was taken to the Wikie primitive hospital on Thursday morning, where both legs were amputated. Mr. Michael, Wikie, son of McPherson. The shock and loss of blood proved too great and he died one hour after the operation. He was 25 years of age and came from Michigan, where his mother and sister reside.

FOUND TIED TO AXLE OF C.P.R. FREIGHT CAR

Montreal Police Discovered with Head in Box and Arms Akimbo His Head and Legs Tied to Wheel of Car—Says Frenchmen Did It.

Montreal, Oct. 27.—Mike Schenck, a police, who was found tied to the axle of a wheel of a Canadian Pacific freight car, was discovered last night with his head in a box and arms akimbo. He was found fast with his hands behind his back in a barrel half-filled with ashes and his head in a box. The barrel was part of the axle of the wheel of a Canadian Pacific freight car. Albert, night watchman, who heard moaning and reported it to the police, found the man tied to the wheel of the truck. Schenck said that he was attacked by two men, who were driving the car, and was left there until found. The police are inclined to believe that the shooting of Joseph Budash, who was found tied to the wheel of a truck, to get rid of him for fear he would tell what he knew about it.

Earl Grey Dies.

London, Oct. 27.—Earl Grey died in his room at the Savoy Hotel on Saturday afternoon at Bowick, his northern seat.

Sir William Constance \$3,000, London, Oct. 27.—Sir William MacKenzie has surrendered a thousand pounds of his personal fund of the Society of Knights Bachelor.

PLEASES EVERYONE.

The Bulletin's Greater Edmonton Number has been received by many people this week, and as yet none have failed to book up. It is the best possible testimony to the excellence of the number. The next issue of the bulletin edition will likely be sold before the last section is worked.

LOCALS.

W. P. COOKSON REHABED. A member of the Edmonton Row Company, who was a victim of typhoid fever, has been released from hospital.

The sale of several square sections of land in the west end of Edmonton is reported by a local real estate firm; prices paid ranged from \$1,000 to \$1,500 per acre.

J. M. FREUDOLIS. The Conservative candidate in the provincial by-election at Calgary spent Wednesday and Thursday in Edmonton, and will remain here until Saturday.

Major J. H. HARPER. Secretary-Treasurer Crosskill returned yesterday to the city from Macleod where they had been engaged in the convention of the Union of Alberta Municipalities. Mayor Armstrong will speak at the opening session of the convention of yesterday.

Major G. E. MCNAUL. Secretary-

Treasurer Crosskill returned yesterday to the city from Macleod where they had been engaged in the convention of the Union of Alberta Municipalities. Mayor Armstrong will speak at the opening session of the convention of yesterday.

THREE METERS INSTALLED. For the first time in the history of the city, three water meters are able to determine the amount of water pumped into the distribution system. The first two water meters have been installed and the remaining one will be installed by the commissioners today. The quantity of water pumped on the system and rate per unit were given in the report as follows: 1910, 2,124,715 bushels; 1911, 2,124,715 bushels.

THANKSGIVING DAY PARADES. Major W. A. Greenbank commanding the Royal Canadian Artillery has issued the following directions:

"The squadrons will parade mounted on Thanksgiving Day at 10 a.m. from the barracks of the Royal Canadian Artillery to the 1st Battalion Auditorium. The Ed-

monton Artillery will be present.

The parade at the Armouries will re-

turn to the barracks of the Royal Cana-

dian Artillery, while the other parades will be carried in bavaroises."

BUILDING PERMITS. The building permits issued during the month of October totalled \$17,400. For each of last year the total was \$16,666.

Building permits were issued yesterday as follows:

S. Sonley, house on Twenty-second street, \$1,000.

W. H. Balson, house on Kildonan street, \$1,000.

Colonel Edwards, leading musi-

cian, Captain W. H. Watt, has

been honoured by an invitation to act as a judge in the trial of James Simp-

son, a strike-breaker, a young German,

who was hit on the head by a stone

thrown at him during an alter-

cation at Callander.

TELLS STORY OF THIEF.

The hearing of the charge against Robert Edgar and Lester D. Berry, of 12, St. George's Street, and Lovstrand, on Wednesday night, the morning of the trial, was adjourned to a later date.

The story of the accused as told in the courtroom by the defence attorney, Mr. G. E. McNaul, was as follows:

The officers of the 19th regiment proposed to make a raid on the armouries to obtain arms for the regiment, and the command was given to the men to meet at the armouries at 10 a.m. on November 11.

The parade at the Armouries will re-

turn to the barracks of the Royal Cana-

dian Artillery, while the other parades will be carried in bavaroises."

TO ARRANGE CONCERT.

An enthusiastic meeting of the mem-

bers of the Royal Canadian Artillery was held on Thursday when it was

decided to combine with the organiza-

tion of a band to stage the first concert

of the season.

The band, field service order, choirs ex-

ecuted on the program, with a grand

lunch in the wallet, bandboxes and

hats for the band, will be held at the

armouries on November 11.
